

GalAthletics Bellinzona: statement

With great regret, the GalAthletics Bellinzona Committee takes note of the communication just received from Audrey Werro's team; the Fribourg athlete will not be competing in the 800m at the Comunale stadium.

Attached, you will find her press release along with a brief statement from her. The Committee has decided not to enforce its contractual rights to require her participation in Bellinzona.

With great excitement and pride, we inform you that yesterday we were contacted by Alison Dos Santos. The extraordinary Brazilian athlete, who has just set the new world record in the 400-meter hurdles at the Weltklasse in Zurich, informed us that—although he will not be racing—he will be present in Bellinzona to personally thank the Ticino crowd at the Comunale, who has always welcomed him with warmth and affection, making him feel at home.
